

Each Supplier independently owned and operated

Dear RE/MAX Broker,

We are excited to announce that Tadiran America has recently attained "Approved Supplier" status for telecommunication equipment used throughout the RE/MAX affiliate organization.

Tadiran telecommunication equipment has gained industry recognition for its real estate applications focused on positively impacting our four (4) business drivers:

1. Increasing Listing and Buyer Inventories
2. Retention of Agents
3. Recruiting New Agents
4. Reduction of Operational Costs

Tadiran America has demonstrated a thorough understanding of the telecommunication needs of our market and is ready to assist any and all affiliate offices that are planning on upgrading, expanding and/or replacing existing telephone systems.

Tadiran's telecommunication equipment is used and highly recommended by numerous RE/MAX affiliate offices and should strongly be considered in your decision making process.

Should you require additional insights, feel free to call me on my direct telephone number: 303-796-3861.

Sincerely,

A handwritten signature in black ink that reads "Sarah Blankman".
